

JONATHAN J. RASOULI

jonathan.rasouli@gmail.com

SUMMARY

Jonathan J. Rasouli, MD is a board-certified, fellowship-trained spinal neurosurgeon specializing in complex spinal surgery, minimally-invasive, and endoscopic spinal surgery. He graduated from medical school with honors and completed his neurosurgical residency at The Mount Sinai Hospital in New York, followed by a complex spinal surgery fellowship at the world-renowned Cleveland Clinic. Recognized as a Castle Connolly *Rising Star in Neurosurgery*, Dr. Rasouli integrates cutting-edge surgical innovation with a deeply patient-centered approach to care. He has authored numerous peer-reviewed articles and book chapters, and has presented his research at both national and international neurosurgical meetings. His expertise has been featured in media outlets such as *CNN*, *The Washington Post*, *Doximity*, *Becker's Spine Review*, and *Spinal News International*. In his spare time, he enjoys traveling, exercise, writing, and spending time with friends and family.

EDUCATION

08/2019 – 08/2020 Fellowship, Spine Surgery, Cleveland Clinic, Cleveland, OH.
07/2015 – 07/2016 Fellowship, Stereotactic & Functional Neurosurgery, The Mount Sinai Hospital, NY
07/2012 – 07/2019 Residency, Neurological Surgery, The Mount Sinai Hospital, New York, NY.
08/2007 – 05/2012 Medical Doctorate, Albert Einstein College of Medicine of Yeshiva University
• Alpha Omega Alpha Honor Society (2011)
08/2003 – 05/2007 Bachelor of Science, Biomedical Engineering, Virginia Commonwealth University
• Magna Cum Laude, University Honors
• Minors: Mathematics, Chemistry

BOARD CERTIFICATION:

05/2023 American Board of Neurological Surgery

WORK EXPERIENCE:

04/2026 – Present Attending Neurosurgeon
Neurospine Plus, LLC
Paramus, NJ 07652

10/2021 – 03/2026 Assistant Professor of Neurosurgery
Director, Complex and Adult Spinal Deformity Surgery
Northwell Health/Staten Island University Hospital
Donald and Barbara Zucker School of Medicine at Hofstra/Northwell
Staten Island, NY 10305

02/2022 – 03/2026 Attending Neurosurgeon
New York Health & Hospitals/South Brooklyn Health
Brooklyn, NY 11235

09/2020 – 10/2021 Assistant Professor of Neurosurgery
Cleveland Clinic/Hillcrest Hospital
Lerner College of Medicine/CWRU-SOM
Cleveland, OH 44195

HONORS AND AWARDS

2023-2026	Castle Connolly Top Doctor
05/2023	Castle Connolly Rising Star Award
08/2020	AOSNA 18 th Annual Fellows Forum Best Clinical Research Abstract Finalist
01/2019	Congress of Neurological Surgeons Resident Fellowship Award
06/2018	Eagle Condor Humanitarian Global Surgery Travelling Scholarship
08/2017	Doximity.com Resident Scholar Fellowship
07/2015	Medtronic Functional & Stereotactic Neurosurgery Fellowship Award
09/2014	Featured article in September's <i>Reader's Digest Magazine: Genius Edition</i>
05/2012	Research Distinction in Neurological Surgery
08/2011	3 rd Place Poster Presentation, Medical Society of New York Research Symposium
09/2011	3 rd Place Oral Presentation, Montefiore Medical Center Young Investigators Symposium
08/2007	Sue B. Golding Service & Research Scholarship
05/2007	Departmental Honors for Senior Thesis, Virginia Commonwealth University

RESEARCH EXPERIENCE

04/2020 – Present:	Virtual Global Spine Conference, Co-Founders: Ali A. Baaj, MD; John S. Shin, MD; Khoi N. Than, MD, Wende N Gibbs, MD, Griffin Baum, MD. - Helped co-found, organize, and develop a bi-weekly teleconferencing curriculum designed to enhance the accessibility and availability of spine education during the COVID-19 pandemic. (www.virtualspine.org) - Developed active social media presence and promotion via Twitter and YouTube. - Published research examining epidemiologic and demographic information of participants (>1000 registered) in World Neurosurgery Journal.
08/2010 – 08/2011:	Montefiore Medical Center, Department of Neurosurgery, Diana Casper, PhD; “Attenuation of interleukin-1beta by pulsed electromagnetic fields after traumatic brain injury.” - Participated in a year-long research project studying the effects of non-thermal RF pulsed electromagnetic fields in combatting post-traumatic neuro-inflammation and swelling in two animal models of traumatic brain injury. - Performed stereotactic brain surgery on rats, developed and built a functional Marmarou Impact-Acceleration Device, and conducted enzyme-linked immunosorbent assays, western blots, and immuno-histochemistry analysis. - Successfully developed a novel method of rapidly extracting blood-free cerebrospinal fluid from rats. - Published results of research in peer-reviewed journals and presented at several national conferences.
05/2007	Virginia Commonwealth University, Department of Biomedical Engineering, Jennifer Wayne, PhD; Honors research thesis: “A Novel Method for Measuring the Cross-Sectional Dimensions of Soft Tissues.”

COMMITTEES SERVED

- 07/2021 – 07/2023** Young Neurosurgeons Committee, Member Elect
- 07/2020 – 07/2023** NASS Political Engagement Committee, Member Elect
- 07/2018 – 07/2020** CNS Resident Fellow Committee, Member Elect
